```
C, pasted on Aug 17:
```

```
1
     #include<stdio.h>
 2
     #include<conio.h>
 3
     int main()
 4
 5
 6
             int i, n;
 7
             long S, P;
 8
             S = 0;
             P = 1;
 9
             i = 1;
10
11
             do
12
                     printf("\nNhap n: ");
13
14
                     scanf("%d", &n);
15
                     if(n < 1)
16
17
                              printf("\nN phai lon hon hoac bang 1. Xin nhap lai !");
18
             }while(n < 1);</pre>
19
20
21
             while(i <= n)
22
23
                     P = P * i;
                     S = S + P;
24
25
                     i++;
26
             printf("\nTong la %d",S);
27
28
29
             getch();
30
             return 0;
31
```

Output:

codepad.org/x5beSxoE 1/5

```
1 Line 17: error: conio.h: No such file or directory
